

Job Posting

Position:	Bike Mechanic – France
Reporting to:	Head of Atelier - France
Location:	Beaune, France
Term:	Full-time Seasonal Contract (March 9, 2020 – October 30, 2020)

OVERVIEW

Butterfield & Robinson, one of the world's leading high-end active travel companies, is hiring a talented Bike Mechanic as part of its European Technical team for the 2020 season. This position is located in the French office of B&R in Beaune, France. All of our bike mechanics play an important part in the preparation and execution of the highest possible quality trips.

This position has the following responsibilities:

- Support the requirements of the technical operations team, its systems and bike inventory, properly assembling, tuning and repairing bikes;
- Ensure that every B&R trip is provided with all the necessary technical equipment (including bikes, equipment and accessories) and support according to B&R's standard of excellence;
- Manage and track trip vans used throughout the season;
- Track and report bike and equipment inventory in France;
- Maintain a clean and organized bike atelier;
- Provide technical training and equipment support to contractors;
- Continually review B&R's equipment standards; and
- Manage a flexible seasonal schedule

The ideal candidate will come to B&R with the following experience and qualifications:

Education:	Post-Secondary Degree or equivalent work experience
Experience:	Experience as a bicycle mechanic is essential
Certifications:	Valid Driver's Licence with the ability to drive standard transmission vehicles; certification as bike mechanic is preferred
Languages:	Proficient in English; knowledge of French an asset

The ideal candidate will have demonstrated all of the following skills and characteristics:

- Professional and enthusiastic attitude
- Strong mechanic skills on all types of bikes (road, hybrid, tandem)
- Good interpersonal skills with the ability to effectively train, and give feedback on performance;
- Superior organizational, planning and time management skills
- Ability to work both independently and as an integral part of a team
- Obsession with quality
- Knowledge of MS Office Suite, including Excel, Word, and CRM database
